Guide to the
ELEMENTS
OF
DRACONITY

Foreword

Draconity.org was founded on May 26th, 2003, to be a home for dragons and dragon lovers worldwide. Over the last 20 years we've met over 1500 members, run hundreds of events, and shared over 130,000 messages on the forums alone!

What has held Dorg together so long? Is it management? Events? The shared love of dragons?

No.

It's you, the members, the life blood of the community. You've kept us going strong for two decades, and there are no words big enough to express our gratitude for your continuing stay at Dorg.

This deck, made possible through the generosity of your donations, is a love letter to you all. It is also Dorg's 20th birthday present.

Happy birthday Dorg. May the next 20 years bind us closer together as a family and bring us all fulfillment, peace, and many Rawrs.

Understanding Your Deck

This deck was created with our members, traditional symbolism, and community culture in mind. Every tarot deck comes with 78 cards. Each card holds an image filled with special meaning, represented through symbolism; however, it is your own interpretation that makes up the most powerful part of the reading. While this guide does provide suggested keywords for each card, your personal connection to the imagery and individual depicted are important.

Suits:

Air: thought, communication, intellect, understanding, mind

Earth: work, wealth, physical reality, nature, materialism

Fire: creativity, projects, heart, vitality, action

FOUR: Security, Structure

FIVE: Strength, Struggle

SIX: Cooperation, Improvement

SEVEN: Motivation, Reassessment

EIGHT: Awakening, Revolution

NINE: Anticipation, Contemplation,

Upright and Reversed Meanings:

While all cards hold special meaning, some readers choose to include the orientation of the card in their interpretations. When you draw a card, it could be in an upright position or a reversed (upside-down) position. Generally, a reversed position can be viewed as having the opposite meaning to its upright position, though there are some exceptions. In this guide, all cards have been given keywords to assist with both upright and reversed interpretation.

Spreads:

A spread is a suggested layout to use for your reading. While there is no right or wrong way to read tarot, there are some common spreads recommended for beginners. Whenever you're ready, shuffle your deck in whatever way you see fit, hold a question in your mind, and begin to draw your cards, laying them face down in your chosen spread.

Some spreads have been provided here to get you started, but many more can be found online, or you can even create your own!

Single Card:

While not technically a spread, the single card pull is the most simple of all readings, yet also one of the most versatile. It can be used as part of a daily routine to forecast the day or to answer simpler questions. The reader may also draw a single card to forecast another period of time, such as a week, month, or year, or they may ask for a "theme" of the day. Sometimes the reader may pull a second card to "clarify" the meaning of the first.

Three-Card Spread:

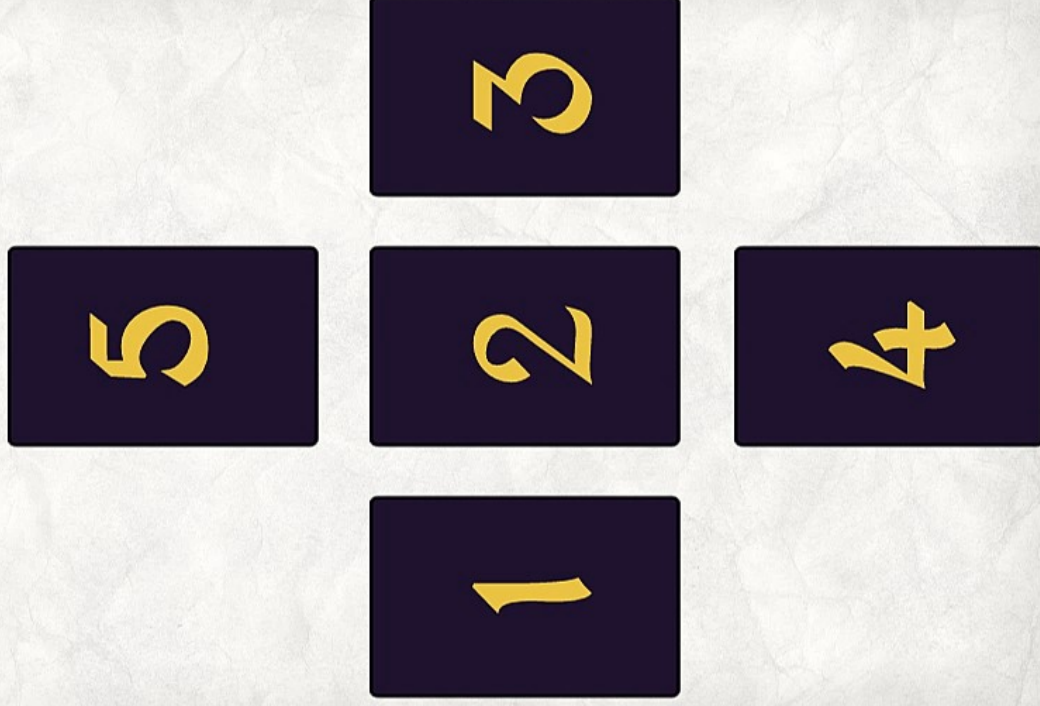

Slightly more complex than a single card pull, three-card spreads are more layered and versatile. Included are five examples, but feel free to create your own!

Past - Present - Future
Situation - Action - Outcome
Mind - Body - Spirit
Opportunity - Obstacle - Potential
Today - This Week - This Month

Five-Card Spread:

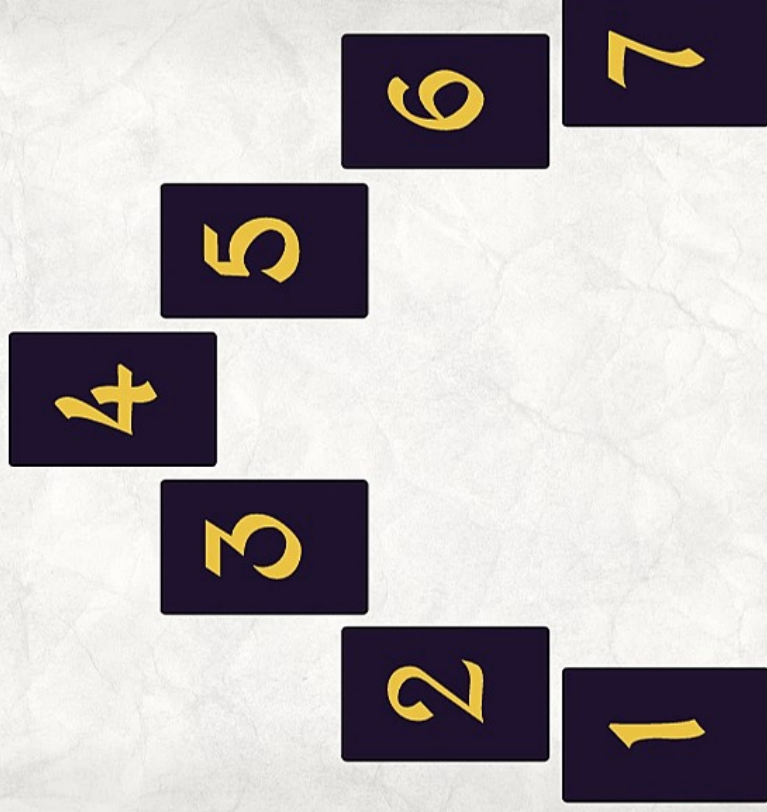

In five-card spreads, the cards begin to interact with one another to modify and create new meanings. For example, a spread with many fire cards may indicate intense creativity. Depicted is one example of a five-card spread, in which the center cards represent past, present and future. Card #3 is the likely future if nothing changes. Card #4 represents unseen influences. Card #5 represents a possible future, if you consider the unseen influences.

Complicated Card Spreads:

The more cards a spread has, the more complex and detailed the reading. As long as you are able to interpret the reading, a spread can include as many cards as you like.

Some popular spreads include the Celtic Cross, the Tree of Life, Astrological, the Year Ahead, and the Horseshoe, depicted below.

1. Past Influences
2. Present issue
3. Outside Factors
4. Hopes & Fears
5. Social Influences
6. Advice
7. Final outcome
